

Stabit Coin is a new cryptocurrency by consortium blockchain, realizing a first in the world of cryptocurrencies.

The most prominent feature of Stabit Coin is its independence from real money and linkage to the price index.

We aim to disseminate Stabit Coin worldwide, not only cryptocurrency market, as real money in daily life.

Stabit Coin has conversion rate stability as price index linked cryptocurrency and our mission is to disseminate Stabit Coin worldwide.

The world's first consortium blockchain coin with price index linked!

Stabit Coin is the world's first price index linked cryptocurrency.

Emphasizing conversion rate stability and settlement functions, Stabit Coin disproves the perception that cryptocurrencies suffer from erratic prices swings and are not suited as a means of settlement.

On the way to a cashless world!

We aim to disseminate Stabit Coin worldwide as real money indispensable in daily life for use as a "legal tender equivalent."

Stabit Coin's top priority is to be a global means of settlement in every aspect of daily life, overriding the limitations of cryptocurrencies.

The vision of easy-to-use cashless settlement.

The vision of a free-of-charge cashless link interconnecting the world. We are ready to realize these visions.

Coming to the aid of people who have no asset protection

Unlike other cryptocurrencies, Stabit Coin has stable conversion rates and settlement functionality.

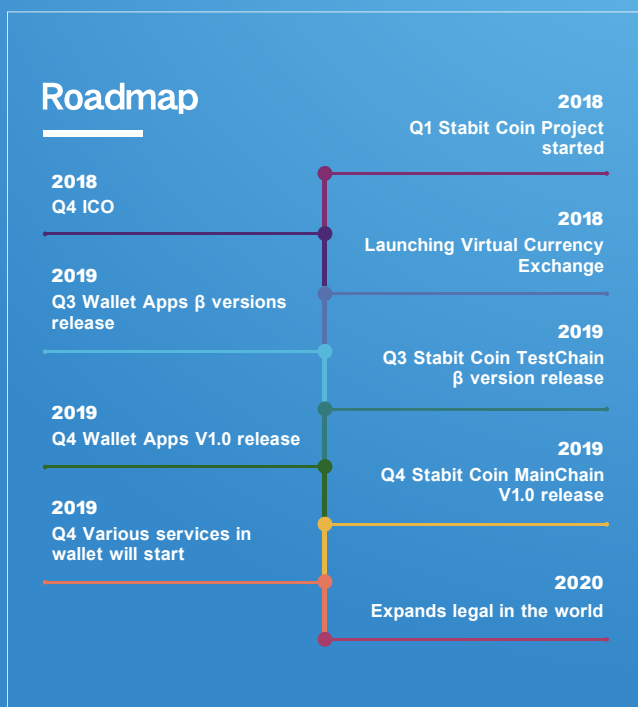

Through Stabit Coin we aim to help countless residents of countries whose currencies are losing their value due to war or national administrations in turmoil.

We look to make Stabit Coin the top ranking currency in market capitalization in cryptocurrency markets, surpassing Bitcoin.

And we have our sights on establishing Stabit Coin as the key currency in cryptocurrency markets traded on most exchanges.

erratic prices swings and are not suited as a means of settlement.
